

To create your own dot phrase:

1. Open a note (depending on your role, either utilize the Documentation tab or Notes tab).
2. Click on Manage Autotext icon.
3. Click on the blue plus (+) icon.

4. Type in the abbreviation. Highly suggestive to use 2 dots (..) to distinguish between Cerner's standard dot phrases and your custom dot phrase.
5. Type in the description of the dot phrase.
6. Type in the content in the body of the dot phrase.
7. Click on save.
